

Reports on clinical trials of the Covid-19 Vaccine taken from conservative and natural news websites. MARK OF THE BEAST? YOU DECIDE:

"2) A second AstraZeneca vaccine test volunteer "Developed neurological problems." According to sources who claim to be familiar with the vaccine trials, the second volunteer suddenly started saying **"They've killed God; I can't feel God anymore - my Soul is dead"** after the vaccine.

3) Coronavirus vaccine trial subjects report extreme exhaustion, shortness of breath, day-long headaches and shaking so violently that one of them cracked a tooth. These are all symptoms of neurological damage occurring in real time. **These are obvious signs that a kind of vaccine lobotomy is taking place**, causing permanent, long-term neurological damage to the trial participants. Does this sound like a "safe" vaccine to administer to hundreds of millions of people? Full-on Covid-like symptoms?"

Catholic seers have reported visions from the Lord that the Mark of the Beast, when taken, immediately RELINQUISHES one's free will. Free will is a supreme gift from God to humanity. Once you have taken the Mark of the Beast, you have given license to the devil to relinquish your free will. The devil now has the authority to control you. The vaccine contains a component called Luciferase as described in the video here: <https://www.youtube.com/watch?v=cUOaOsGB90s> The evil one has directly "marked his spot" on all those ignorant enough to take this vaccine. Please watch this video and/or download it to your hard drive, share it with everyone you know, as it is already being taken down from the internet.
